Finished baskets will be delivered by the team members to children in the poorest areas of Tempe. Donated items can be brought to the Volunteer Office on the second floor of the Tempe Public Library, 3500 S. Rural Rd., by March 15. For questions, call 480-350-5190.

A Post Office Box is not considered a Tempe residential address and will be treated as non-resident.

Fees charged for classes or activities do not cover the cost of equipment or facility usage, but are charged to offset the cost of instruction and leadership only. Random address checks will be made to confirm residency. Non-Tempe residents giving a false Tempe address will be immediately dropped from the activity with no refund.

### Youth and Adult Fees

Youth fees apply to those 17 years of age or younger.

Adult fees apply to those 18 years of age and older.

**Program Philosophy**—Classes are designed to provide the participant with the basic skills in a craft or subject so that he/she can use these skills during his/her leisure for enjoyment and recreation. These classes are not academically oriented, nor are they taught within the frame of reference of an institution such as a high school or university. The City of Tempe Community Services and Parks and Recreation Departments are providing leisure time activities rather than training to be professional potters, painters or dancers. Our purpose is to introduce the public to the fields of arts, sports, language, crafts, dance, exercise, culture and music for leisure enrichment.

## **April 2006** **Early Literacy Month** **@ Tempe Public Library**

In April, it is common to celebrate the month of the young child. Tempe Public Library is thrilled to celebrate the young child this month by focusing on Early Literacy.

Early Literacy is what children know about reading and writing before they can actually read and write. Although librarians and teachers model early literacy behavior in storytime, the Building a New Generation of Readers initiative by the Arizona State Library shows that merely attending storytime is not enough for a child to grasp early literacy skills. Primary caregivers must read one-on-one with children and engage them in other early literacy behaviors to help the child get ready to read.

Throughout April, the Youth Services Library will offer several activities and workshops for children, parents, and caregivers in an effort to help make a difference in the lives of future readers. We look forward to seeing you at the library!

### **Programs for parents and caregivers:**

**Building a New Generation of Readers Parent Workshop:** Parents and caregivers are a child's first and most important reading teachers. Tempe Public Library librarians will present research about early literacy and offer practical ways to help babies, toddlers, and preschoolers learn important skills now so that they can become good readers in the future. Please plan to attend the session(s) suited to the age of your child or the children you care for. Registration is required. Please call the Youth Services Library at (480) 350-5522 or register in person beginning February 21.
